Primary school admissions 2018

The new 2019 Primary Admissions brochure lists oversubscribed schools and the size of their catchment areas, so we have a follow up map to those presented at the last FLdra meeting.

The Walker catchment area has shrunk back to 0.362 miles; Hazelwood has shrunk again. The Highfield catchment doesn't even reach Bourne Hill. New is the catchment area for the single-form entry Southgate Green branch of Bowes, which is measured from the top of Aldermans Hill.

Ashmole Primary has a catchment of 0.549 miles that barely touches the FLdra area. Ashmole had 312 applications for 60 places last year.
