## How cancer aware are you?

We want to know how aware Enfield residents are about cancer:

➤ **Prevention** ➤ **Common symptoms** ➤ **Importance of screening**

Based on what you tell us, an information campaign will be launched in Enfield to improve awareness and promote healthy living to help prevent cancer.

The Cancer Awareness survey closes on Thursday 31 March 2019

**Cancer - Let's beat it!**

Visit our website to complete the survey
