

Abbotshall Ave - have set up a neighbourhood watch area.

Police Report

- S.G. advise that a zero tolerance will come straight into use on the beggars in that area. Using (Public Space Protection Orders) no letters, just fines.
- Burglaries Jan / Robberies 6.
Mainly in the West Cluster - car thefts are over the roof (many).
- Safer Neighbourhood Board meeting being arranged, please ask chair for details.
- A small budget has been found for overtime for police to access, similar to the one used during the recent Morton way break ins.

Cllr Anderson.report

- Upper Pk Rd. N11 - Flat-bed lorries, marked (Trade Waste)or similar, are either parking or tipping waste in a double yellow lined area of that street (secluded part) officers advised.
- Gasometer (corner NCRd) N11 - application for demolition. Site for industrial use only.
- Avenue Road S.G. Car breaking (missed details)
- Highview Gdns.N11. Again rowdy children in entrance hall, tiles being thrown.
- The bin collection situation, which Enfield has decided on. Moving to a two week collection service and a charge for green waste collections as well. The savings will go into street cleaning plus a new weekly kitchen waste collection service (no mention of a container) plus extra bags will be left out for residents side waste (term used for extra waste, not fitting into bins).

Notes taken by Don Arthuer – many thanks !
