Statement (approximately 100 words)

I've lived in Cranley Gardens for 19 years - it's the first place in London I've felt a real sense of community - people know their neighbours, care about the streets they live in. Now is the right time for me to contribute more fully to the area by being part of the committee.

My interests are manifold: the shortage of good quality schools, valuing the heritage of our built environment, wanting our streets to be safe. I've seen neighbours become important sources of support and pleasure and believe the Association can help bring this network together.

I am not seeking nomination to an officer role as I would like to contribute to the various FL DRA portfolios. I bring experience of working with and listening to stakeholders with differing opinions, as well as objectively representing opposing views.

I authorise FL DRA to share my name and statement with FL DRA members.	Yes X	No
