

**Fox Lane Area Quieter Neighbourhood
Project Update November 2021**

Please reply to: **Healthy Streets**

Email: healthystreets@enfield.gov.uk
Date: 9 November 2021

Dear Resident,

The Fox Lane Area Quieter Neighbourhood was implemented as a trial under an Experimental Traffic Orders (ETO) and the project has been under review since implementation. Restrictions on travel due to Covid-19 were lifted fully in July 2021 and with schools returning in early September, a further set of traffic data was collected towards the end of that month to help assess the impacts of this trial. The Council is now reviewing this data with the intention of publishing a report in the next few months.

If you would like to do so, objections and representations to the ETO can continue to be made. All responses will be considered alongside objections and representations previously made. Please make your objection or representation in writing stating the grounds on which it is being made and quoting the reference TG52/1451. You can send this via one of the following means:

- By email to traffic@enfield.gov.uk, or
- By writing to ATTN Healthy Streets, Enfield Council, Silver St, Enfield, EN1 3XA.

Objections received via email to HealthStreets@enfield.gov.uk will also continue to be considered. Objections must be received by 11.59pm on Tuesday 11 January 2021. Please note that any letter or email you write to the Council in response to the ETO may, upon written request, be made available to the press or to the public.

Whilst the Council will not be providing individual responses to any further comments, these will be responded to in the published report, along with the rest of feedback that has already been received.

The monitoring plan for the project, along with a range of additional information, remains available on the dedicated project page: <https://letstalk.enfield.gov.uk/FoxLaneQN>.

Kind Regards,

Christina Gordon
